DRUG DELIVERY & GENE THERAPY

Valencia

Ciutat de les Arts i les Ciències

Av. del Professor López Piñero
(Historiador de la Medicina) n.º 7
46013 – Valencia

8-10

September 2025

The true measure of scientific progress lies in its ability to save lives. The NanoThera Summit brings together leading minds across disciplines to drive technological breakthroughs in nanomedicine and targeted therapies.

Through interdisciplinary collaboration, open exchange of cutting-edge research, and recognition of emerging talent, we drive the translation of advanced technologies into real-world clinical impact. Together, we are expanding the boundaries of possibility in life-saving science.

CALL FOR ABSTRACTS

We are accepting submissions for two presentation formats:

Flash Presentations

(5-minutes Oral Talks + Q&A)

Ideally, it offers a dynamic platform to present your research and share cutting-edge scientific breakthroughs with the broader community, fostering collaboration and dialogue during the congress.

Deadline: August 1

Posters

Ideal for visually showcasing your research and fostering networking

Deadline: August 20

Submit your abstract (max. 300 words, including title, authors, and keywords) along with your registration.

Join us at NanoThera 2025 to connect with global leaders and shape the future of healthcare innovation. We look forward to welcoming you!
